Race Signals

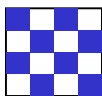

The meanings of visual and sound signals are stated below. An arrow pointing up or down (\uparrow \downarrow) means that a visual signal is displayed or removed. A dot (●) means a sound; dots with dashes (●—●) mean repetitive sounds. When a visual signal is displayed over a class flag, the signal applies only to that class.

Postponement Signals

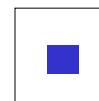

AP Races not started are *postponed*. The warning signal will be made 1 minute after removal unless at that time the race is *postponed* again or *abandoned*.

Abandonment Signals

N All races that have started are *abandoned*. Return to the starting area. The warning signal will be made 1 minute after removal unless at that time the race is *abandoned* or *postponed*.

Course Change Signals

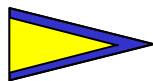

S No later than the warning signal: Sail the short course.
At a rounding or finishing mark: Finish between the nearby mark and the staff displaying this flag.

Recall Signals

X Individual Recall

First substitute General recall. The warning signal will be made 1 minute after removal.
