Race Signals

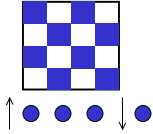

The meanings of visual and sound signals are stated below. An arrow pointing up or down (^ ↓) means that a visual signal is displayed or removed. A dot (●) means a sound; dots with dashes (● — ●) mean repetitive sounds. When a visual signal is displayed over a class flag, the signal applies only to that class.

Preparatory Flag

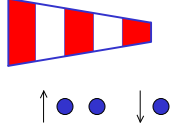

See table below

Abandonment Signals

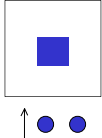

N All races that have started are *abandoned*. Return to the starting area. The warning signal will be made 1 minute after removal unless at that time the race is *abandoned* or *postponed*.

Postponement Signals

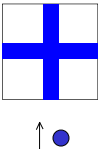

AP Races not started are *postponed*. The warning signal will be made 1 minute after removal unless at that time the race is *postponed* again or *abandoned*.

Course Change Signals

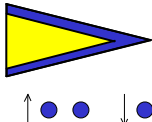

S The course has been shortened. Rule 32.2 is in effect.

X Individual Recall
